(0a) Initial View / Login

Details: Shown first time user launches the app. Provides the user with the option to Log In, Register, or Demo Content. To Log In, the user taps on the username or password input field which activates the keyboard.
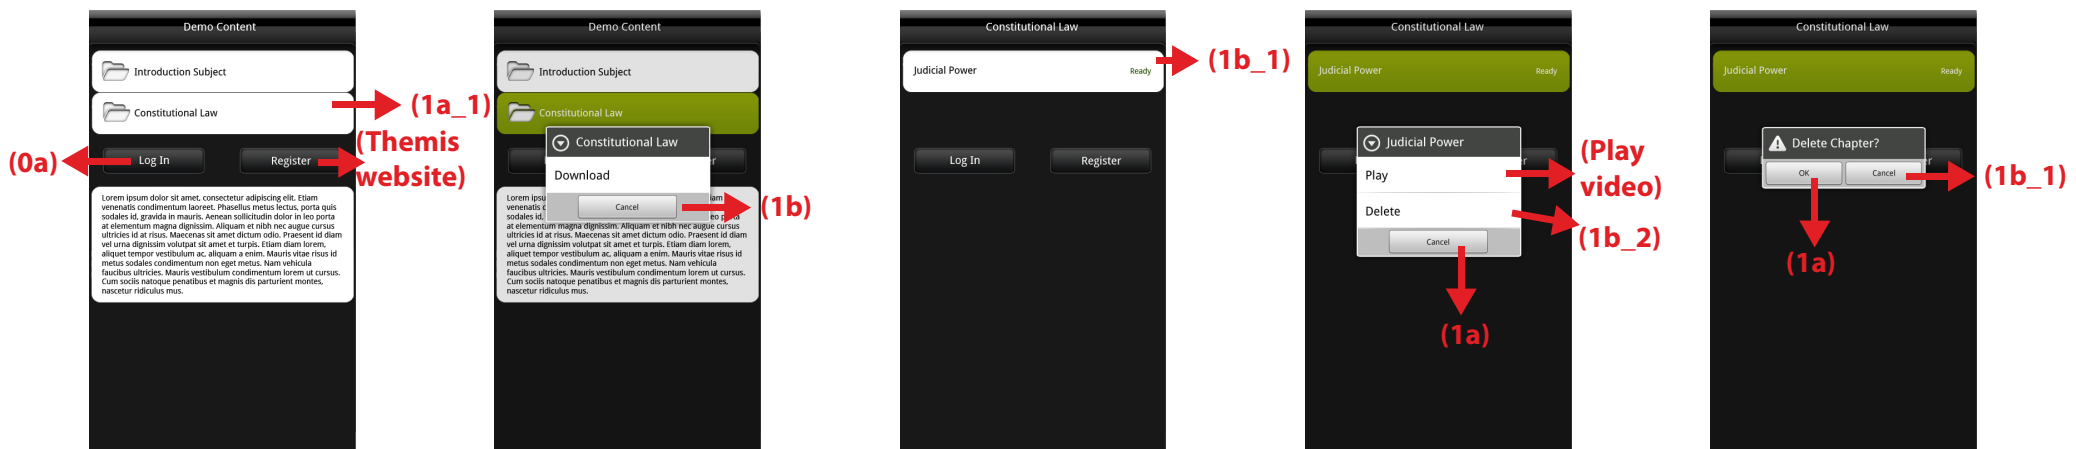

(0b) Input text fields

Details: Single tap on the username or password input fields will access this page. To deactivate the keyboard from the page the user will press the back button that is part of the Android hardware.

(0c) Invalid Login

Details: If the username or password are incorrect, the user will receive this error message.

(0c) No Internet

Details: If the internet is weak or lost the user will receive this error message. This can be shown at any time during the use of the app.

(1a) Demo Content

Details: This page is accessed through the demo content button on page **(0a)**. The user must select a chapter, log in, or register.

(1a_1) Demo Content Download

Details: When a chapter is selected, a dialog box opens to provide the user with the option to download the subject or to cancel.
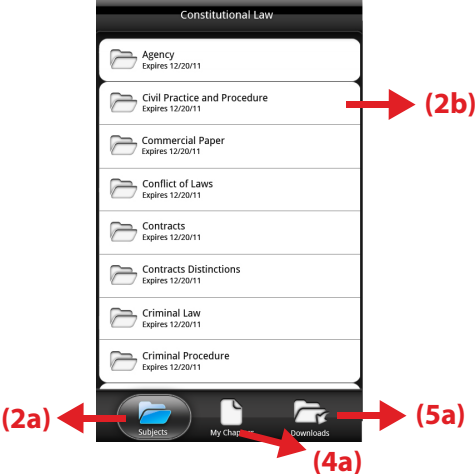

(1b) Demo Content Chapter

Details: Once the subject is downloaded, the user is shown the available chapters. If a user selects a chapter, they are taken to **(1b_1)**.

(1b_1) Demo Content Chapter Play

Details: When the user taps on the chapter field, the user is shown a dialog box asking whether they would like to play the chapter, delete the chapter, or cancel.

(1b_2) Demo Content Chapter Delete Confirm

Details: If the user chooses to delete the chapter, they are shown a second dialog box confirming their decision to delete.
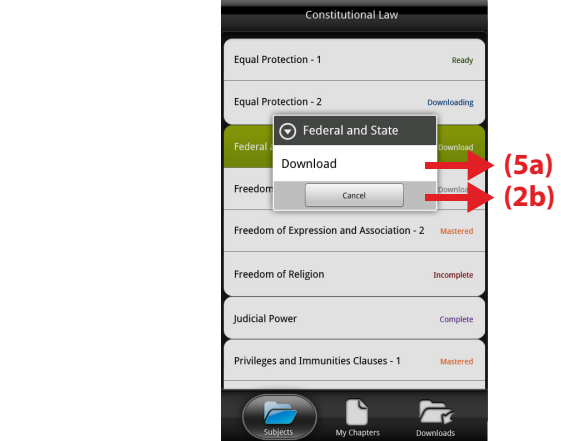

(2a) Subjects

Details: This screen is shown upon logging into the app. It can also be accessed through the bottom tab bar. It provides the user with an alphabetized list of all the subjects. Tapping on one of the subjects takes the user to view the chapters included in that subject in screen **(2b)**.
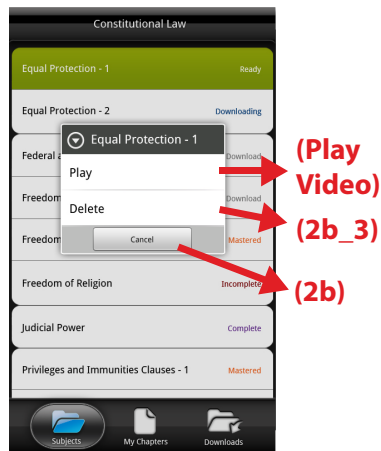

(2b) Subjects Chapters

Details: This screen shows the user which chapters are included in each subject and the status of those chapters, Ready, Incomplete, Complete, Mastered, Downloading, or not Downloaded.

(2b_1) Subjects Chapters Download

Details: If the user taps on a chapter that has not been downloaded a dialog box opens providing them with the options of downloading the chapter or cancelling.

(2b_2) Subjects Chapters Play/Delete

Details: If the user taps on a chapter that has been downloaded a dialog box opens providing them with the option of playing the chapter, deleting the chapter, or cancelling.
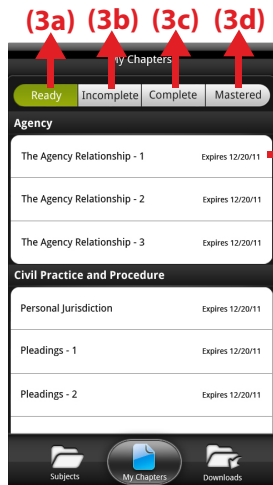

(2b_3) Subjects Chapters Delete Confirm

Details: If the user chooses to delete the chapter, a second dialog box opens confirming that the user would like to delete the chapter.
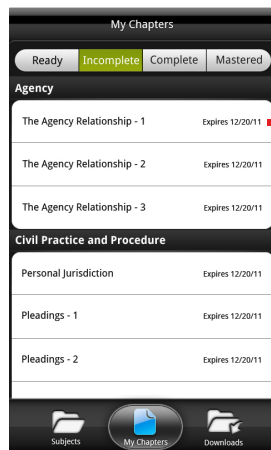

(2b_4) Subjects Chapters Delete Score

Details: If the user taps on a chapter that has been completed or mastered and has selected play from the dialog box shown in **(2b_2)**, they are shown a second dialog box that tells them if they choose to continue and play the chapter, the score they previously received on this chapter will be deleted.

(3b_1)

(Play video) **(3d)**

(3c) My Chapters Complete

Details: This is the filter of the complete chapters.

(3d) My Chapters Mastered

Details: This is the filter of the mastered chapters.

(3d_1) My Chapters Delete Score

Details: If the user chooses to play a chapter that is complete or mastered, a second dialog box is shown to ask the user if they would like to continue with their choice and delete the score they previously recorded.
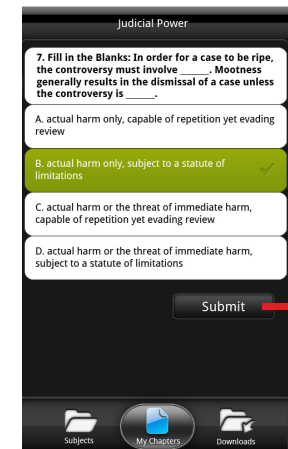

(4a) Chapter Assessment

Details: Once the user has viewed the video for a chapter, they are taken to the chapter assessment screen to begin their assessment.
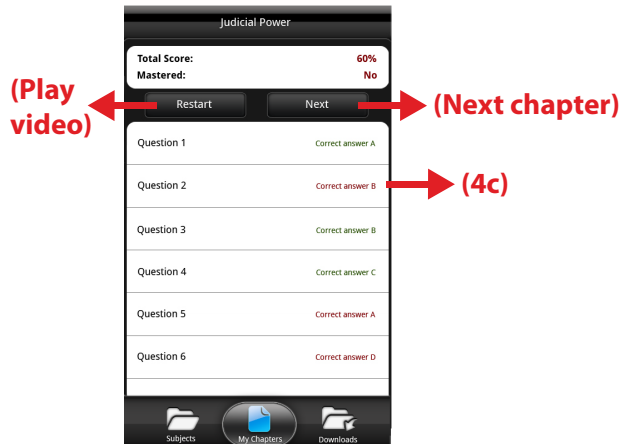

(4a_1) Chapter Assessment Selected

Details: Once the user selects one of the answers to a question, their selection is highlighted in green and a checkmark is shown. Also the confirm button is shown to be activated. Pressing confirm takes the user to the next question in the series.
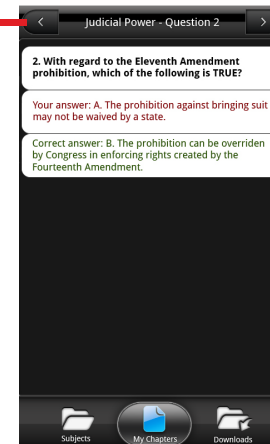

(4a_2) Chapter Assessment Submit

Details: On the last question of the assessment, once the user has made a selection, the button reads "Submit" to show that the user has finished the assessment and will see their scores.

**(4b) Chapter Assessment Results**

Details: When the user has completed the assessment, they are taken to the results screen where they can view their total score, whether or not they mastered the level, and the individual answers to each question. Tapping on a question takes the user to a detailed view of their answer versus the correct answer, shown in **(4b_1)**. The user also has the choice of restarting the chapter, which takes them to the video view, or of going to the next chapter, which takes them to the subsequent downloaded chapter.
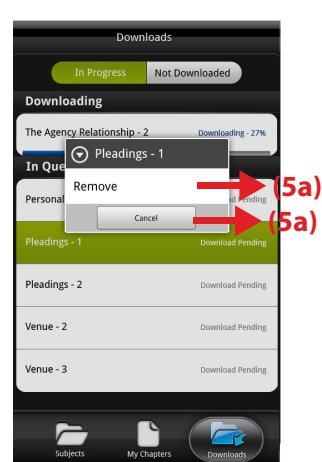

(4c) Chapter Assessment Results Details

Details: This screen shows the users answer versus the correct answer for each question. The user can toggle through all the questions with the forward and back buttons on the top bar.

(5a) Downloads In Progress

Details: Upon tapping the Downloads tab on the bottom tab bar, the user is taken to this screen which shows any chapters that are currently downloading and the queue of chapters that will be downloaded.
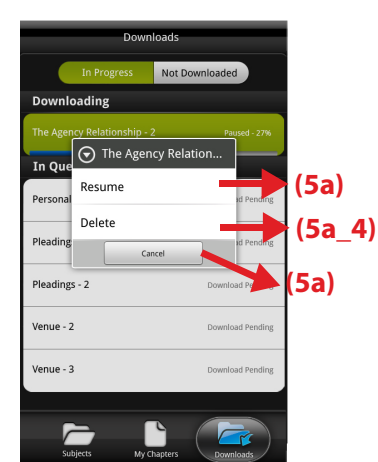

(5a_1) Downloads In Progress Remove

Details: If the user taps on a chapter that is in the queue, a dialog box opens asking whether they would like to remove the item from the queue or cancel.
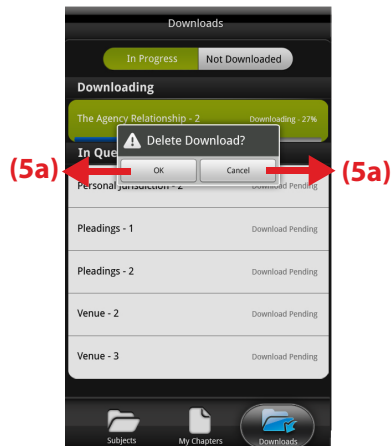

(5a_2) Downloads In Progress Pause/Delete

Details: If the user taps on the downloading chapter, a dialog box opens asking whether they would like to pause the download, delete the download, or cancel.
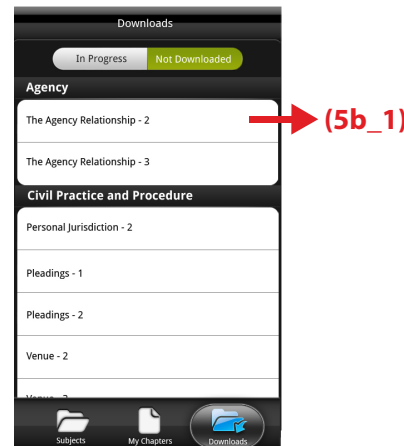

(5a_3) Downloads In Progress Resume/Delete

Details: If the download is paused and the user taps on the paused chapter, a dialog box opens asking whether they would like to resume the download, delete the download, or cancel.
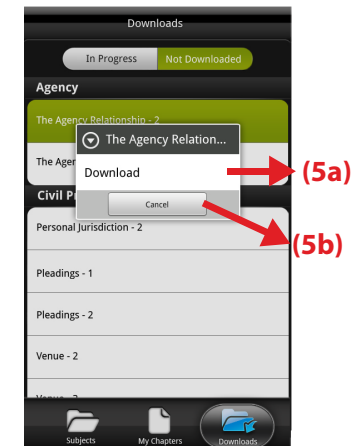

(5a_4) Downloads In Progress Delete Confirm

Details: If the user has chosen to delete the chapter from either the dialog boxes in **(5a_2)** or **(5a_3)**, they are shown a second dialog box which asks to confirm their decision to delete the download.

(5b) Not Downloaded

Details: This screen shows a list of all of the chapters that have not been downloaded, organized alphabetically by subject.

(5b_1) Not Downloaded Download

Details: When a user taps an undownloaded chapter, a dialog box opens providing them with the option to download the chapter or to cancel.
